

# Corporate Sponsorship

Supporting a local charity will have a positive influence throughout your local community and within your organisation offering stronger employee relations, increased staff retention, PR opportunities, and of course, the much needed support you are giving to a local cause.

There are lots of ways businesses can help to support DCA...

## Ways you can help:

1. Charity of the year
2. Business Sponsorship Scheme
3. Donate your services

### Charity of the year

You could set up as your business's charity of the year to set fundraising events and opportunities all year round.

### Business Sponsorship Scheme

You could sign up to the Business Sponsorship Scheme. For £250 a year you can join other companies in supporting DCA whilst we help share your details in return.

### Donate your services

You could also donate your services and resources to help us run and/or promote our charity.
